outbreak resulted in the destruction of more than 10 million cattle and sheep, with compensation running into many millions of pounds.

Simon Hall, APHA's Veterinary Director, said: "It is important that farmers and smallholders help safeguard the health and welfare of their animals by not feeding them with meat, meat products or any waste from kitchens.

"They should also ensure that farmed animals do not have access to catering waste from any

"The catering waste ban aims to prevent the introduction of potential disease-causing

animal disease, and help reduce the spread of food-borne disease on food that has eaten by
